Specific Sponsorship details

There are many ways in which you can help with funding the restoration of NG15 №134 and one of the easiest, and the one that we believe will give you a great deal of satisfaction, is by sponsoring some specific area of the repair work, manufacturing work or components needed. That way it's something you can identify with - and boast about - when you see the engine in service. Most of the sponsorship needed has been put into two categories, 'general' and 'specific' items.

The specific items are given a cost and you are invited to take charge of funding one (or more) of these items. To do so you can either make a one-off donation to the value required or alternatively you can decide to fund the item by subscription over a period of time, perhaps 1 year, 2 years or even 5 years for example, by making regular monthly contributions.

To make a donation:

Please complete your contact details at the top of the form then, for the item you're interested in, please tick the box in the ✓ column.
